Special Edition Nurse Well-being

Project One, NWB Key Changes
Go-Live November 6, 2023

What is Project One?
Project One is an organizational initiative designed to achieve standardized and optimized technology and processes across our health system. Nurse Well-being is a phase of Project One, with a focus on streamlined documentation for the inpatient med surg nurses. More meaningful Storyboard, Summary Reports and Admission Navigator with reduced documentation fields, more purposeful choices, less banners, and BPAs as designed by SSM clinicians.
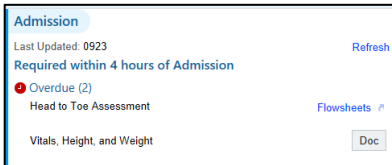

Why a Special Edition Newsletter?

Nurse Well-being Wave 1 focus is IP Med Surg, ICU, Tele, and Stepdown nurses **BUT** standardization will improve documentation efficiency and consistency throughout the system. This means additional nursing roles will see changes.

How does this affect me?

Please review the changes listed below. Universal changes are listed first. Make sure to review your specific role if listed as well. For additional information check out the additional resources section at the end of this document.

Change Type	Topic	Why It's Changing	Description
Universal			
New Look	**Storyboard**	Streamlined Information	- Greater emphasis on use of the FYI/Flag for alerts. - Health Care Agents and legal guardian display based on admission documentation.
New Feature	**New Summary Reports**	Consistent Handoff	- New handoff reports available: - Patient Story (replaces IP Patient Story) - ED Transfer Summary (replaces ED to IP report) - Systems Review - Reports are searchable. Make note of any reports you may want and use the wrench to customize to your preferences.
Quick Win	**Worklist**	Worklist Retired	- Use the Brain and Patients Lists to stay on top of documentation. - Non- nursing roles will still have access to the Worklist.

Change Type	Topic	Why It's Changing	Description
New Feature / Time Saver	**Macros**	Documentation Efficiency	• System macros (6) in Navigators allow commonly documented answers to populate documentation with one click. Macros are named to describe the action of the macro. • Hover on a macro name to see the default responses highlighted in the form. • Click the macro button and all the answers flow in. Edit answers as needed. • Personal Macros can be created in navigators and Flowsheets. Look for the macro manager button in your navigator section toolbar or flowsheet toolbar. ✏ Macro Manager ▾
Quick Win	**Banners and BPAs**	Less Interruption of Workflow	• Banners and BPAs have been reevaluated, rewritten, and, in some cases removed. • Banners are to provide more purposeful wording and direction. • BPAs are to be sent to the right person at the right time.
Workflow	**Navigators**	Standardized Documentation	• Travel Screening has updated questions with a fresh look and feel. Click the link to open. • Less interruptive BPAs. Listed at the bottom of navigator to finalize the admission process. • Elopement/Abduction screening slimmed-down. • Skin and Fall Assessments listed separately. • Belongings is updated, and the Print Belongings section has been removed. • Health Care Agent added to enter the person(s) chosen and their role in carrying out medical decisions. • Global immunizations have been renamed Vaccine Assessments.
			Emergency Department Only
			• Travel Rpt. opens the new Travel Screening. It has updated questions with a fresh look and feel. Click the link to open.

Not Included: Emergency Department and Surgical

Change Type	Topic	Why It's Changing	Description
New Feature	**Brain Sidebar**	Efficient and Timely Documentation	• Anyone currently using the Brain or having access to the Brain will now also have a new Brain Sidebar Report. • A slimmed down view of the Brain displays in the open chart sidebar as the default sidebar report. • Fully functional to address tasks. View and act on required documentation.
			OB/ Family Birth Departments
			• Updates to Admission required documentation. Admission Last Updated: 0923 Refresh Required within 4 hours of Admission 🔴 Overdue (2) Head to Toe Assessment Flowsheets Vitals, Height, and Weight Doc

Change Type	Topic	Why It's Changing	Description
 ★ New Feature	**Patient List Trays**	Efficient Charting	• Click the patient to display quick buttons that link you to key activities for efficient charting. | Room/Bed ▲	Unit	MRN	Reason Private	Patient Name// Patient Demographics	Patient Class	Attending	Problem	Isolation/Infection | 234/1	WMH MED SURG	800539	—	Zztest, Zztest, Wmhipm A Wm... 234/1 A (3... 35 year old / M	Inpatient	Pasiuk, Joanne F, MD	—	— 🗐 Flowsheets 🔬 MAR ⊯ Care Plan Orders
